# MEMBERSHIP FORM

2025

---

Open Music has been steadily performing, practicing, and plotting wild and adventurous art in central Pennsylvania for the last eleven years. You can support the continuation of this work by becoming a member! Your membership will help us to pay artists, rent venues, get the word out, plan ahead, and keep the art and music flowing.

In addition to specific gifts offered at each level, you will get a unique, one-of-a-kind membership card designed by one of Open Music's most stalwart supporters and extraordinary collaborators Steven Sherrill. As a member, you will also receive behind-the-scenes updates as our seasons and concerts begin to take shape.

2023 was the first year we launched this membership campaign, and the funds raised thereby were a crucial boon for us. 2024 built on that success and helped us to undertake new adventures, not least of which was our first ever three-city tour performing Robert Ashley's *Perfect Lives*. In these times of precarious funding and even more precarious culture, it's the mutual support of members like you that keep the dream alive!
